

Adding eSIM into your Oppo Phone

Step 1: In 'Settings', go to 'Mobile Network' and select eSIM.

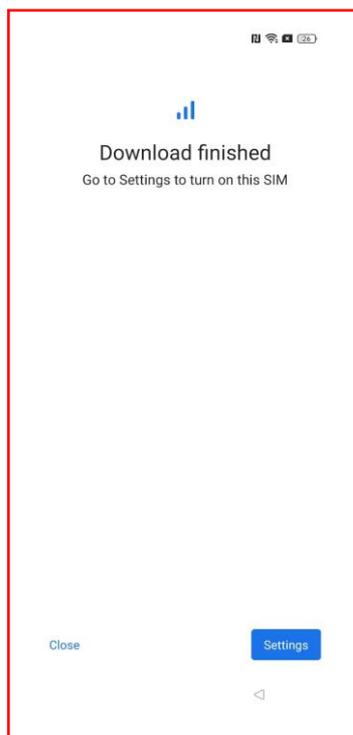

Step 2: Tap 'Add eSIM'.

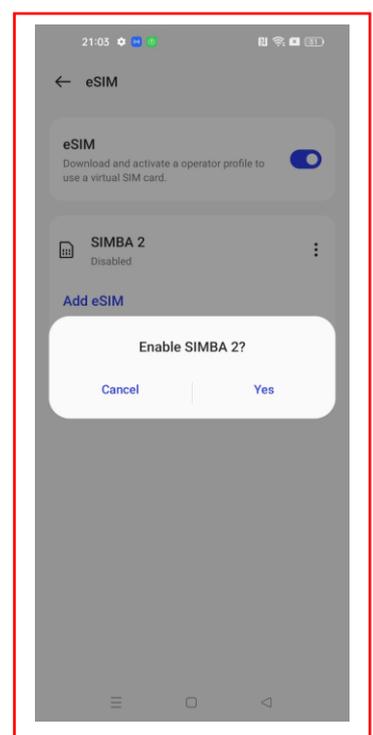

Step 3: Tap 'Next' to start downloading the eSIM.

Step 4: Scan the QR code from the email sent to you, or enter the activation code manually via 'Need help?'

Step 5: Go to 'Settings' to enable the downloaded eSIM.

Step 6: Select the newly added eSIM and tap 'Yes' to enable the eSIM.
